

National Marine Park of Alonissos Northern Sporades

Permitted and prohibited activities for recreational yachts and small vessels

ZONE A' IS DIVIDED INTO 9 SUB-ZONES

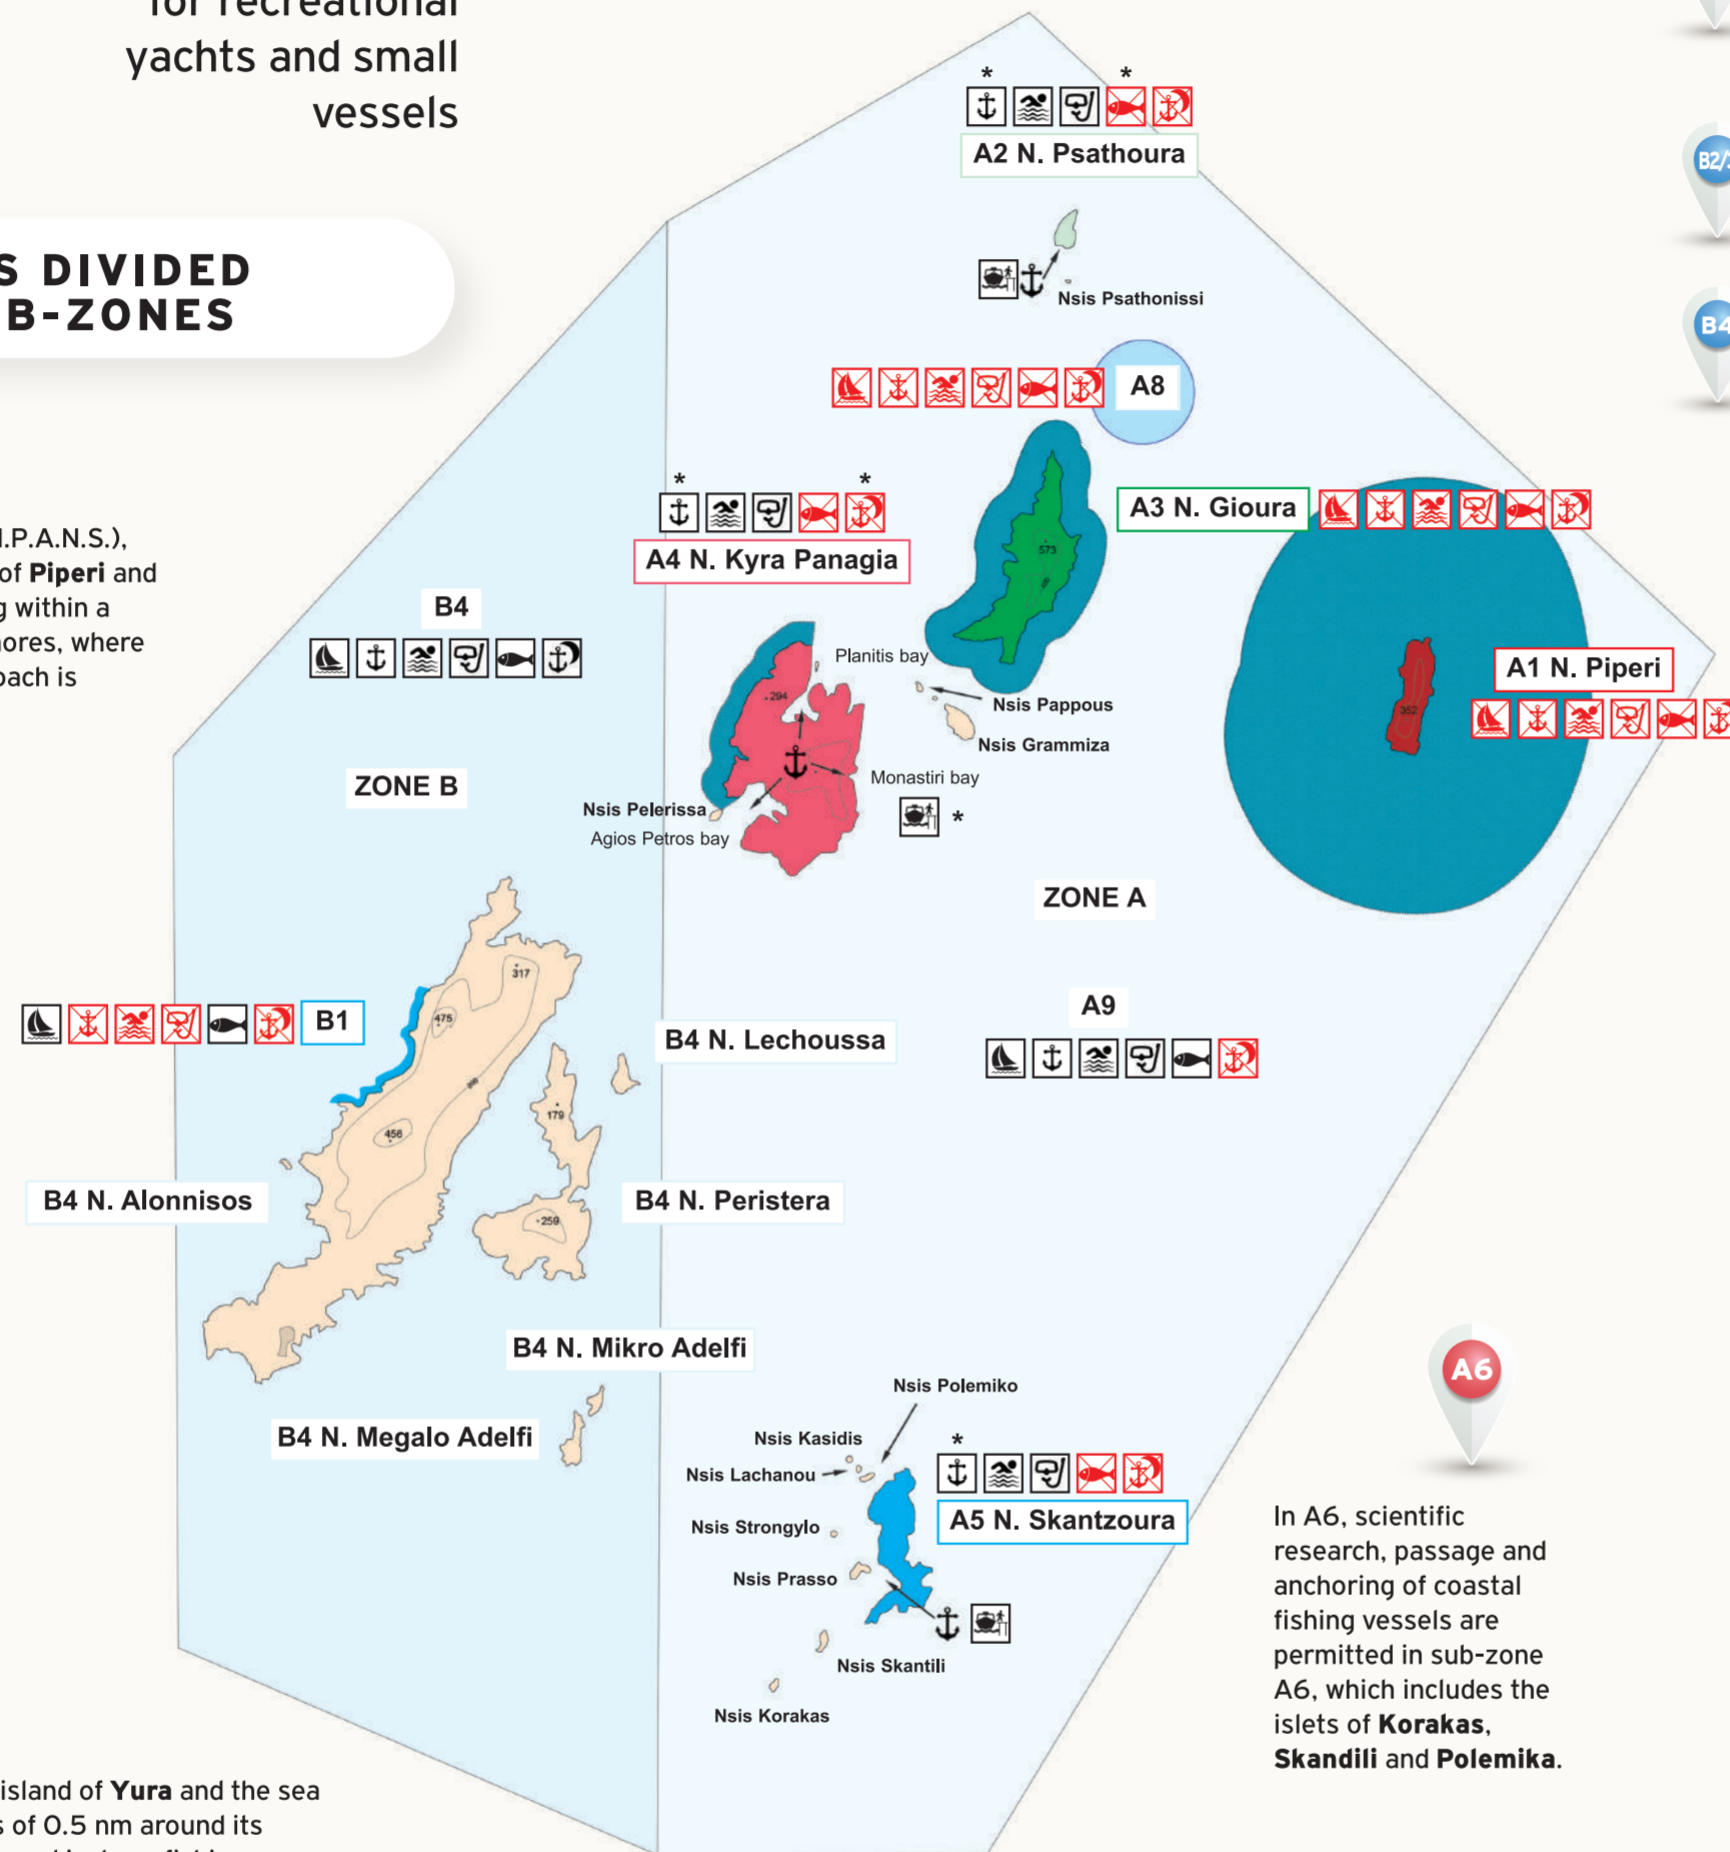

A1 In A1 (the core of the N.M.P.A.N.S.), which includes the island of **Piperi** and the marine area extending within a 3-nm radius around its shores, where any passage and/or approach is prohibited.

A2 In A2, which includes the island of **Psathoura**, scientific research, as well as swimming, free diving, approach and stay from sunrise to sunset are allowed (i.e. no overnight stay is allowed). The approach and anchoring are allowed only at Psathoura Bay, except for coastal fishing boats which are allowed to approach and anchor in any coast. Disembarking of visitors is only allowed at Mandraki Beach, where the use of fire and the distancing from the shore farther than a 50 m. radius is prohibited.

A3 In A3, which includes the island of **Yura** and the sea area extending to a radius of 0.5 nm around its shores, scientific research and inshore fishing are permitted.

A4 In A4, which includes the island of **Kyra Panagia** and the sea area northwest of it, scientific research is permitted, as well as the approach of boats and the disembarking of visitors to the island, only for the purpose of visiting the Monastery, from sunrise to sunset and only from Monastiri Bay. The approach and anchoring of tourist and pleasure boats is permitted only in the bays of Planitis, Monastiri and Aghios Petros, as well as swimming and free diving. Anchoring at night is permitted only in the bays of Aghios Petros and Planitis and disembarkation only in the bay of Monastiri.

A5 In A5, which includes the island of **Skatdzoura**, scientific research, the approach and anchoring of tourist boats in the bay of Limani from sunrise to sunset, swimming and free diving are allowed on this beach, and the use of fire is prohibited. The passage and anchoring of coastal fishing vessels are also permitted.

A7 In A7, which includes the remaining islands and islets of the marine park, scientific research, the approach and anchoring of tourist and recreational vessels from sunrise to sunset, the use of the coast for swimming and free diving, the passage and anchoring of coastal fishing vessels are permitted.

A8 In A8, which includes the reef around and within 1 n.m. northeast of Yura, scientific research and coastal commercial fishing are permitted.

A9 In A9, which includes the remainder of Area A, scientific research, inshore commercial fishing and recreational trolling and line fishing are permitted, except for the area within 1.5 nautical miles around the island of Psathoura.

ZONE B' IS DIVIDED INTO 4 SUB-ZONES

B1 In B1, which includes the sea area extending within 200 meters from the northwest coast of Alonissos, from Cape Kalamos to Cape Ammoni, scientific research and the passage, stay and anchoring of vessels for scientific research, coastal commercial or recreational fishing are allowed.

B2/3 In B2 & B3, which includes the terrestrial area of the Gerakas Research Centre, scientific research, the operation of the fishing shelter and the maintenance or extension works of the Research Centre are permitted.

B4 All activities are permitted in the area B4 which includes the land part of Alonissos, Peristera and all the islets located in area B, as well as the rest of the marine area of area B.

Free camping and lighting fires are **PROHIBITED** throughout the Park
Scuba diving and spear fishing are **ALLOWED** ONLY in certain areas of the B zone
Call the Port Authority (+30 24240 65595) or the Management Unit of the Sporades National Park (+30 24240 66378, 66419) for more information

Key to symbols

- Sailing / passing through the area
- Anchoring of recreational vessels between sunrise and sunset
- Swimming
- Free diving
- Sport fishing with trolling and fishing lines
- Anchoring of recreational vessels during the night
- Disembarkation on the beach

When the same symbol appears in red, with an X on top of it, then the activity is prohibited. For example, the symbol denotes that anchoring is not allowed in the area.

* There are clarifications for the activity, found on the bottom left table
